

The Lapa<sup>™</sup> Company  
LIFE OUTDOORS

# *Cape Reed Thatch Tiles*

**Cape Reed Thatch Tiles are ideal for creating a simple, easy to fit thatched roof. As a diy thatching system, this style of roofing is durable and long-lasting.**

**The Thatch Tiles themselves are naturally flexible allowing them to be used on unusual designs, and require no special tools or skills to install.**

**Installed correctly Thatch Tiles are 98% watertight, require no maintenance and have a lifespan of 6-10 years. Standard tiles are supplied in boxes of 6 and cover 1.6sqm.**

*We can help!*

**Not sure how many tiles you need?**

**Whether you have a new project or need to re-thatch an existing building, just get in touch with details of your requirements and we can provide all the guidance you need!**

\*Please note, all thatch tile calculations based on dimensions provided by a customer are an estimate.

800mm wide x 420mm high

**£69.99 per tile**

### Ridge End Cap

Neatly finishes the ends of a ridge on rectangular or oval roofs.  
500mm wide x 450mm high

**£49.99 per tile**

All Cape Reed Thatch Tiles are supplied with attached clips that can be fastened to an 8mm bar or rope and this is the recommended way to install. Alternatively tiles can be nailed to a standard roof batten.

We recommend a minimum roof pitch of 30 degrees and would advise checking this for any pre-existing buildings before ordering. Thatch Tiles should be installed with a minimum overlap of 50mm\*.

\* Please note when using corner tiles the distance between fixings should be reduced from 350mm to 250mm.

#### Additional Information

The width of standard tiles can be trimmed if required.

All of our Thatch Tiles can be made Fire Retardant. This will be an additional cost of £2.99 per tile.

All prices include VAT and exclude delivery which is calculated on the weight of your total order.
