

Colour Selector for Canvas Accessories

Choose from our range of canvas accessories to enhance and personalise your garden building. Our side panels, roof linings and cushions are made from the most colour-stable cloth available, with the highest UV resistance to ensure longevity, colour fastness and quality.

Each canvas item includes a 5 year manufacturer's warranty, and there are over 30 different colours to choose from.

The colour guide below gives an indication of the colours available, and after you place your order for any canvas accessory, we will send you a material swatch that includes a sample of your preferred colour for confirmation of your selection.
