

The LapaTM Company

LIFE OUTDOORS

Welcome

Our vision at The Lapa Company is to provide unique, quality products to ensure that our customers can enjoy their life outdoors. We are delighted to showcase here our full range of products, from the unique and stunning Lapa through to our premium outdoor kitchens.

Since receiving our first order in 2005 we have prioritised craftsmanship and placed it at the heart of everything we do, and at our Kent workshop we design and handcraft timber buildings to the highest standard.

Our outdoor kitchen brand partners, Fire Magic and BeefEater, are both renowned for putting quality at the forefront of their designs, and we are proud to represent them across the UK and Europe.

We support projects large and small by bringing outdoor living to life, and we couldn't be prouder to do that.

Lapas...

Bring a touch of elegance to your garden with this traditional South African garden structure. The Lapa is a contemporary and flexible outdoor living space crafted from African hardwood poles and finished with a genuine thatched roof. No two Lapas are the same, and it is this uniqueness that sets them apart from other garden buildings.

Though traditionally an open-sided structure, Lapas can be enclosed with canvas side panels or brick walls dependent upon your bespoke requirements. Integrations such as rustic brick fireplaces, wood stoves, dedicated entertaining spaces, barbecue areas and outdoor kitchens are all achievable due to the flexibility of the Lapa design.

The possibilities are endless...

Gazebos...

The Premium...

The pinnacle of our gazebo range. The stylish and spacious design of the Premium includes a full timber roof and beautifully curved balustrades to maximise the internal space. Available with a choice of roof tile; Cape Reed Thatch or Cedar Shingle, our Premium gazebo is constructed from the highest quality materials to ensure a beautiful finish with year round durability.

○ 3.2m ø | 3.8m ø | 4.2m ø ◻ 3.8m x 6m | 4.2m x 6m

The Contemporary...

Putting a modern slant on the Classic thatched gazebo is our striking Contemporary range. Finished to a more uniform standard than our other designs, the planed balustrades and square uprights enhance the design of this contemporary style. Topped with a Thatch Tile roof, this style is beautifully complimented by our range of UV resistant canvas side panels.

◻ 2.4m ø | 2.8m ø | 3.2m ø | 3.8m ø | 4.2m ø ◻ From 2.8 x 4.5m to 4.2 x 6.0m

The Classic...

With its rustic looks and machine round timber construction, the Classic thatched gazebo has a simple and authentic feel. The bold round balustrades and posts give a sturdy appearance, and Cape Reed Thatch Tiles complete this much loved design.

Gazebos...

The Spa...

Large enough to cover all sizes of spa and hot tub, the simple and stylish design of our Spa gazebo not only provides you with shelter and privacy, but also creates a stunning focal point for your garden.

The Lapa Company are proud to be the originators of this product in the UK and our Spa gazebo range was specifically designed to allow easy installation without having to move your spa or hot tub. Available in two styles, Contemporary and Classic.

3.8m | 4.2m

Bespoke Designs...

We know that every garden and outdoor space has its own unique features and requirements. What you desire from your gazebo may not be the same as your neighbour, and for this reason we are delighted to offer a bespoke building design service.

Examples of previous designs include; a raised gazebo with entrance steps, a dual entrance gazebo, a wall mounted gazebo and rectangular shaped structures.

For bespoke designs, our project managers will discuss your needs and how you plan to use your gazebo, so that our carpenters can produce a building handcrafted to meet your requirements.

Shelter Kits...

Our Shelter Kits are available in three formats, all of which feature a Cape Reed Thatch Tile roof; Roof Only, Roof & Rustic Uprights, or Roof, Premium Uprights & Ring Beam. Perfect for self-assembly, we offer a range of shapes and sizes. Each kit comes with full instructions and all the fixings you will require.

2.8m ø | 3.2m ø | 3.8m ø | 4.2m ø

2.8m x 4.5m | 3.2m x 5.0m | 3.2m x 6.0m | 3.8m x 6.0m | 4.2m x 6.0m

Thatch Tiles...

Cape Reed Thatch Tiles are an excellent DIY thatching system that enable you to create the appearance of a thatched roof without using traditional methods. Easy to install, durable and long-lasting, Cape Reed Thatch Tiles are naturally flexible allowing them to be used on unusual designs, and require no special tools or skills to install.

Endureed® Synthetic Thatch, a premium synthetic thatch product that produces authentic looking thatching styles from around the world, is also available exclusively from The Lapa Company. Fire retardant and rot resistant, it is commonly found on commercial buildings but can be applied in residential settings by request.

Accessories...

To compliment our buildings we offer a wide range of high quality accessories, specifically selected to ensure you get the most from your life outdoors. Each item uses premium materials and design to ensure longevity, colour fastness (where appropriate) and quality.

The canvas we use for all our side panels, roof linings and cushions is the most colour-stable cloth available with the highest UV resistance. Each canvas item includes a 5 year manufacturer's warranty and the canvas is available in a choice of over 30 colours.

Canvas Side Panels

Our UV resistant canvas side panels provide added shelter from the elements and are secured using sturdy fastenings. Available with clear windows. Choose from over 30 colours.

Roof Linings

Ideal for those who don't wish to see the internal structure of their building, our roof linings are made from the same colour-stable cloth as our other canvas items.

Bench Cushions

High quality bench cushions made from the same robust material as our side panels and roof linings. Comfortable and fit perfectly to the shape of our bench seats.

Bench Seats & Tables

Made by our own carpenters from clear treated timber suitable for outdoor use. Stained to match your chosen gazebo.

Heaters

Infrared roof heater that hangs as a pendulum from the roof of your Gazebo. Their shape and infrared technology ensures heat is not lost into the surrounding air.

Timber Floors

Our raised wooden timber floor offers an alternative floor surface for your gazebo. Stained to match your chosen gazebo.

To find out more, simply call **01732 884030** or visit **www.thelapacompany.co.uk**

Commercial...

With our expertise in creating stunning thatched structures we can also offer an extremely wide range of services to commercial partners. Our commercial services include the design, construction and project management of your build, or we can work in collaboration with your planning or landscaping team on any aspect.

Our Lapas and associated products can be seen in many commercial venues throughout the UK such as Zoos, Theme Parks, Bars, Pubs, Restaurants, Hotels, Wedding Venues and Schools. Previous projects range from a 100 seat African themed restaurant to a beautiful Lapa specifically designed to host wedding ceremonies.

For further details relating to our commercial services, please contact our project manager on 01732 884030

LIFE OUTDOORS

FIREMAGIC®

PREMIUM OUTDOOR KITCHENS & BBQS

Fire Magic barbecues are the premium outdoor kitchen brand in the UK and Europe.

The Lapa Company are the exclusive distributors of this product range, and we are proud to offer these high quality stainless steel barbecues to our customers.

With sleek lines and premium craftsmanship, this contemporary range of bbqs and accessories is unmatched in the UK.

Fire Magic BBQs have a life-time warranty and are the very epitome of luxury outdoor living

In addition to the broad selection of built-in and stand-alone BBQs, you can choose from a range of accessories to create your ultimate Outdoor Kitchen. All of the barbecues in the two main ranges; Aurora and Echelon, can operate via bottled or natural gas, and there is also the option of dual-fuel and charcoal only bbqs.

To visit our Fire Magic showroom, or find out more about the range, simply call **01732 884030** or visit **www.fire-magic.co.uk**

Life-time warranty ♦ Precision engineered design ♦ Stainless steel burners ♦ Even heat distribution
Reduced flare-ups ♦ Spark ignition system ♦ Comfort touch heavy-duty control knobs ♦ Backlit control panel

FIRE MAGIC BUILT-IN BBQS

ECHELON BUILT-IN 1060

Part of the Fire Magic diamond series, Echelon built-in barbecues offer powerful performance combined with sleek, elegant design. In addition to the precision cooking offered by all Fire Magic barbecues, the Echelon offers a built-in smoker with dedicated low temperature burner and allows you to cook at different temperatures on the same grill via the use of heat shielded sectioning.

Available in 3 sizes; 660, 790 and 1060.

AURORA BUILT-IN 790

The sculpted look of the Aurora is reflected in its precise and professional cooking style. Each barbecue includes a meat probe with digital thermometer read out, stainless steel burners for even heat distribution and deep fire box to provide the most complete convection cooking.

Available in 5 sizes; 430, 530, 540, 660, 790.

FIRE MAGIC CARTS

Both the Echelon and Aurora ranges offer a premium cart option. With an easy-lift hood, and enhancements such as a rotisserie backburner, Fire Magic Carts offer you the chance to be flexible in your location whilst still enjoying the benefits of superior design and engineering.

Available in 6 sizes; 430, 530, 540, 660, 790, 1060

FIRE MAGIC ACCESSORIES

SIDE BURNERS

Fire Magic Side Burners are the perfect compliment to a built-in barbecue and are our most popular accessory. Precision flame control allows for perfect preparation of side dishes and sauces to accompany your meal.

Available in 3 sizes; single, double or countertop.

OUTDOOR FRIDGES

Made from the same high quality stainless steel as our Fire Magic Barbecues, these fridges are engineered to give you ultimate cooling performance, no matter the weather. Featuring safety glass, door locks, fast cooling and even an eco button, these CE approved and IP rated fridges are ideal for outdoor use.

Available in 3 sizes; single, double or triple.

ACCESS DOORS

Ideal for access to bottled gas and secured with a strong magnetic latch, our doors are flush mounted, continuing the sleek design of the Fire Magic barbecues.

Available in a variety of styles and sizes.

DRAWERS

Built-in storage provides a unique opportunity for total flexibility in your outdoor cooking area. Drawers can be used to store essentials and are provided as a fully enclosed unit. Variations include single, double and triple units, warming drawers and combination bin/drawer units.

ALSO AVAILABLE: Bar Caddy, Cut & Clean Food Preparation surface with integrated rubbish chute, Hidden Bin, Refreshment Centre, Griddle, Sink & Tap, Paper Towel Holder, Charcoal Basket, Turkey Holder, Chicken Holder, Rotisserie Basket and Covers.

To visit our Fire Magic showroom, or find out more about the range, simply call **01732 884030** or visit **www.fire-magic.co.uk**

BeefEater Barbecues

The Australian barbecue range BeefEater continues to have life-long followers in the UK. Ideal for those who enjoy the sizzle of a classic barbecue, this extensive range of built-in and free standing barbecues come with a choice of porcelain enamel or stainless steel finish.

BeefEater Built-In BBQs

Signature 3000S Built-in

This stainless steel barbecue has a lifetime warranty and features a viewing window, stainless steel hood, integrated thermometer and easy clean cooktops.

Available with 4 or 5 burners.

Discovery 1100e Built-in

A solid and sturdy barbecue with a convection roasting hood and viewing window. Made from porcelain enamelled cast-iron, these rust free cooktops are made to last.

Available with 3, 4 or 5 burners.

BeefEater Carts

Signature SL4000s Cart

The star of the Signature range, the SL4000s cart does all the hard work so you don't have to. Made from stainless steel it's got an integrated side burner, internal lights and condiment baskets, all topped off with a life-time warranty.

Available with 5 or 6 burners.

Discovery 1100e Cart

This great Aussie barbecue includes a side burner, rust free cooktops and heavy-duty powder coated cabinet trolley in a Coppertone finish.

Available with 3, 4 or 5 burners.

To visit our BeefEater showroom, or find out more about the range, simply call **01732 884030** or visit **www.australian-bbq.co.uk**

Built-in Barbecue Add-Ons

In true BeefEater style, you can create the barbecue area of your dreams with add-ons including warming drawers, sinks and storage drawers, simply measure the space you have available, choose your main barbecue then get creative.

BeefMates Accessories

BeefEater barbecues combine good design with tough durability and multiple cooking options, making them popular for families, schools and sports clubs. To aid in their usage BeefEater offer an exclusive range of BeefMates accessories, featuring covers, rotisseries, tool sets and more.

Design Service

Drawings, Advice and Expertise

As the market leaders in outdoor kitchen design we are proud to provide a free design service for our customers, including the provision of scaled drawings.

We create the design based on your requirements, and can incorporate any products you are purchasing as well as offering advice, guidance and design ideas for your project.

Why is a design service important?

- Helps you visualise your finished project
- Ensures accurate advice on construction and materials

To find out more, simply call **01732 884030**
or visit either www.fire-magic.co.uk or www.australian-bbq.co.uk

Total Poles...

Total Poles are our specialist timber department, supplying timber and poles to commercial and private customers. Whether for professional, domestic or structural purposes, we offer high quality solutions with our range of Machine Round Landscaping Poles, Machined Play Area Poles and Natural Hardwood Poles.

Landscaping Poles

Treated with Tanalith E wood preservative, their machine finish makes them perfect for projects where a uniform design is required.

Machined Play Area Poles

Designed for commercial play area builders, home enthusiasts, architects or contractors who require high specification poles.

Natural Hardwood Poles

Extremely strong poles suitable for building construction, all poles are stripped of bark and Tanalith E treated.
