Tiki Bar

## Tiki Bar

Available in two sizes, The Lapa Company is pleased to introduce it's new Tiki Bar. This flexible new product combines the style of a tropical thatch roof with a robust and attractive design that ensures it will look stunning in a wide range of potential applications.

Whether your requirement is a unique bar for the home or an alternative way to promote your business we can use our base design to create a structure to your specific requirements. With it's flexible internal shelving it is simple to include a wide range of equipment or storage areas.

## Potential Uses

The Tiki Bar has many potential domestic and commercial applications:

-  Garden Bar
-  Commercial Bar
-  Information Kiosk
-  Ticket Booth
-  Meeting Point
-  Food/drink stations
-  Customer Information Point
-  BBQ Huts
-  Customer Pay Point
-  Enquiry Office/Desk
-  Poolside Bar/Gazebo

## Roof Lining, Canvas Panels & Bar Stools

Our range of canvas roof liners provide an attractive finish for the inside of the Bar and have added benefit of providing a 100% watertight lining. The canvas side panels give added protection or privacy. Each item is manufactured from a 50% Cotton / 50% Acrylic Canvas that is UV stable and resistant to mold and fungus.

## Specifications

-  Overall Diameter 3.8m or 3.2m
-  Maximum Height 3.1m
-  Supplied with 5 bar sections and internal shelving
