

The Lapa<sup>TM</sup> Company

L I F E   O U T D O O R S

## Welcome

**Our vision at The Lapa Company is to provide unique, high quality products to ensure that our customers can enjoy their life outdoors. We are delighted to showcase here our full range of products, from our unique garden buildings through to our premium outdoor kitchens.**

Since receiving our first order in 2005 we have placed craftsmanship at the heart of everything we do, and at our Kent workshop we design and handcraft our timber garden buildings to the highest standard.

From landscaping to customer service, we always strive to visualise the potential of your space and provide designs and products that capture the imagination and allow you to make the most of your life outdoors.

## Lapas...

Bring a touch of elegance to your garden with this traditional South African garden structure. The Lapa is a contemporary and flexible outdoor living space crafted from African hardwood poles and finished with a genuine thatched roof. No two Lapas are the same, and it is this uniqueness that sets them apart from other garden buildings.

Though traditionally an open-sided structure, Lapas can be enclosed with canvas side panels or brick walls dependent upon your bespoke requirements. Integrations such as rustic brick fireplaces, wood stoves, dedicated entertaining spaces, barbecue areas and outdoor kitchens are all achievable due to the flexibility of the Lapa design.

## The Tiki...

This fun Tiki Bar is styled with the appearance of a tropical island bar, with a Cape Reed Thatch Tile roof completing the look. Internal shelving offers generous storage space and the robust, attractive design ensures a striking presence in any setting.

⬡ 3.2m ø | 3.8m ø

## The Spa...

Large enough to cover all sizes of spa and hot tub, the simple and stylish design of our spa gazebo not only provides you with shelter and privacy, but also creates a stunning focal point for your garden.

The Lapa Company is proud to be the originator of this product in the UK and our spa gazebo range was specifically designed to allow easy installation without having to move your spa or hot tub.

⬢ 3.8m | 4.2m

## Shelter Kits...

Our Shelter Kits are available in two formats, all of which feature a Cape Reed Thatch Tile roof; Roof Only or Roof & Rustic Uprights.

Perfect for self-assembly, we offer a range of shapes and sizes. Each kit comes with full instructions and all the fixings you will require.

## Bespoke Garden Buildings...

We know that every garden and outdoor space has its own unique features and requirements. What you desire from your garden building may not be the same as your neighbour, and for this reason we are delighted to offer a free bespoke building design service.

Using our years of expertise in creating stunning garden buildings, our carpenters will produce a building handcrafted to meet your requirements.

Simply talk to us about your specific needs, space available and the number of people you wish to entertain and we will create a garden building that enhances and flatters your outdoor space.

*The possibilities are endless...*

## Accessories...

To complement our buildings we offer a wide range of high quality accessories, specifically selected to ensure you get the most from your life outdoors. Each item uses premium materials and design to ensure longevity, colour fastness and quality.

### Canvas Roof Lining and Panels

We use the best colour-stable canvas for all of our side panels and roof linings. It has the highest UV resistance available for outdoor use and each item includes a 5 year manufacturer's warranty. Available in a choice of over 30 colours.

### Rattan Weave Furniture

We are suppliers of Alexander Rose Rattan Weave outdoor furniture. This premium synthetic rattan is designed to have the most natural feel possible, and the complimentary charcoal grey upholstered cushions enhance the mid grey weave of the range.

### Timber Furniture

Our handcrafted wooden furniture is the perfect fit for our garden buildings. Our benches, tables and lounge seating are all crafted in our own workshop to complement and enhance your outdoor experience.

### Cushions

Our luxury outdoor cushions are made from Agua Nova fabric with a stain resistant and waterproof finish. This high performance fabric provides comfort and luxury in the outdoors. Each cushion and seat set has beautifully piped edges and is available in a multitude of colours.

Standard cushions are made from our high quality UV resistant canvas fabric.

ALSO AVAILABLE: Infrared Heaters, Lighting Kits, Solid Wall Panels, Lazy Susans

## Landscape Solutions...

**Full Construction and Project Management that will bring your vision to life.**

Our experienced landscaping team is led by landscape architect Neil Hennessey BA, DiplA. Providing hard and soft landscaping services, this scope of work has a natural synergy with our outdoor living products and ensures we can provide our customers with a full design and construction service for their gardens.

In addition to working on residential projects, we also support other landscape designers with construction of their schemes.

**Specialities:** Design and construction of ponds, lakes, paths and patios. Levelling and terracing, garden building and outdoor kitchen installation, and creation of visual highlights included shaded walkways, archways and raised beds.

To find out more, simply call **01732 884030** or visit **[www.thelapacompany.co.uk](http://www.thelapacompany.co.uk)**

## Commercial...

With our expertise in creating stunning thatched structures we can also offer an extremely wide range of services to commercial partners. Our commercial services include the design, construction and project management of your build, or we can work in collaboration with your planning or landscaping team on any aspect.

Our Lapas and associated products can be found in many commercial, heritage and educational locations across the UK. Previous projects range from a 100 seat African themed restaurant to a beautiful Lapa specifically designed to host wedding ceremonies.

# Design Service

## Drawings, Advice and Expertise

The Lapa Company has over 10 years experience in the design and construction of outdoor living projects ranging from outdoor kitchens to bespoke entertaining spaces, gazebos, outdoor dining areas and more.

With a talented in house team of designers, carpenters and landscapers, we are uniquely placed to be able to offer you a complete garden redesign service.

We are proud to train designers and landscapers across the country in Outdoor Kitchen Design.

## Outdoor Kitchen Design

As the market leaders in outdoor kitchen design we are proud to provide a free design service for our customers, including the provision of scaled computer generated drawings. We create the design based on your requirements, and can incorporate any products you are purchasing as well as offering advice, guidance and design ideas for your project.

## Garden Design

With a professional landscape Architect, Neil Hennessey BA DipLA, heading up our Landscape Solutions division, our initial conversation will cover the outline of your project and what you hope to achieve. Neil's ability to visualise the potential of your outdoor environment and balance hard and soft landscaping is guaranteed to create a space for you to enjoy. A hand drawn A1 plan detailing hard and soft landscaping plus a site survey is all part of our professional landscape service.

## Bespoke Buildings

Craftsmanship is at the heart of what we offer, and our bespoke garden building design focuses on making the most of your life outdoors. Whether you are looking for an oak framed building, a raised garden building, additional access requirements or any number of diverse finishings or styles, our team are uniquely qualified to offer you a design service tailored to your needs.
